## **Kemo Limited Expands into India** (July 2022, for immediate release)

Kemo Limited a member of the Engineering & Scientific Instrumentation Group (ESIG) is pleased to announce the opening of a new office in India. Kemo Instruments Pvt.Ltd. has been incorporated as a subsidiary of Kemo Limited and will enable Kemo to focus sales and support effort directly with its customers in India.

Based in Bengaluru, Karnataka at the heart of India's high technology industry, the new Company is the next step in Kemo's strategic growth plan which forms part of the takeover by ESIG earlier in 2022.

The new company has been joined by R.Govardhana Giri who will be the India Regional Director with full responsibility for business growth in the region in addition to the implementation of the strategy which includes the addition of accelerometer calibration facilities and local cable assembly for the Kemo range of low noise cables.

Neill Ovenden, Managing Director of Kemo Limited said of the opening 'India is a country of incredible people and amazing growth. After many visits to the region over the years I am excited about having established a base in Bengaluru and look forward to developing closer working relationships with our customers all over India.'

To support the new company, a dedicated Kemo India website [www.kemo-india.com](http://www.kemo-india.com) has been launched along with its own Kemo India LinkedIn page to provide a focused resource for the region. During the recent incorporation signing in Bengaluru, Neill and Giri took the opportunity to visit a number of customers and to provide some educational support to one of the Country's leading technical University's in Vellore and to a team of engineers from the growing Space technology industry.

Giri, Director of Kemo Instruments Pvt. Ltd added.... 'The commitment of Kemo to India is a great sign for our customers, the ability for us to deal directly with them and to have fast delivery from our own assembly facilities in India is key to our success and to providing our customers with quality products.'

The new Kemo offices are open and the team is currently being expanded with new staff to support the expansion of business in India. The team are planning a formal inauguration event scheduled in November 2022.
