

- Gold plated pin
- Nickel plated brass body
- Nickel plated brass knurl nut
- 10/32UNF plug
- Fitted by Kemo Ltd
- Rubber strain relief boot

The 10/32UNF Microdot plug connector is industry standard in applications such as accelerometers, pressure sensors and other similar test and measurement sensors. Its compact size and secure thread fitting are well suited to sensor applications.

This KM-1 is fitted by Kemo to all of their cable assemblies requiring a 10/32UNF microdot connector.

Suitable for cables with a nominal diameter of 2mm.

Dimensions in mm
